

Boise City Department of Arts & History Grants General Applicant Information & Criteria Fiscal Year 2018

Overview

The City of Boise's Arts & History Grants fund quality, well-managed cultural opportunities that encourage people in Boise to create, engage, and connect with the community. Strong proposals will convey how the project will develop, document, research, share, or reflect upon Boise's culture and help make Boise welcoming for all residents and visitors. Ultimately, A&H's goal for the grant program is to help make Boise the most livable city in the country through building and reinforcing a strong and equitable cultural foundation. The A&H Grant program also aligns with the recently adopted [City of Boise Cultural Master Plan](#).

Funding Dates

The Boise City Department of Arts & History (A&H) Grant Program - Fiscal Year 2018 is for projects or initiatives that occur between *October 1, 2017* and *September 1, 2018*.

Funding Amounts

The Department offers grants between \$1,000 and \$5,000 (in thousand dollar increments). We expect to fund successful applicants for the full amount requested (although occasionally only a portion is funded).

Suggestions for Applicants

- A \$1,000 - \$3,000 range is recommended for applicants who have never received a grant from the Arts & History Department.
- Attend one of the seven grant workshops offered. (Visit the following site for schedule: <https://www.boiseartsandhistory.org/opportunities/grants/fy2018-ah-grant-workshop-schedule/>.)
- Consult with A&H staff about your project (by email, phone, or set up an in-person meeting).
- Request feedback on a complete draft version of your application by June 9, 2017. Staff cannot guarantee a thorough review after that date because of time necessary to provide helpful feedback.

IMPORTANT NOTES:

- Funding requests should not exceed 50% of total expenses.
- Recipients receive 80% of the grant award beginning October 1, 2017 after the Agreement is signed and notarized and a W9 form is submitted. The remaining 20% will be available after the project is completed and final report is submitted.

GENERAL INFORMATION

Who Can Apply

Individuals, nonprofit organizations, other organizations, and businesses may all apply for an Arts & History grant. No more than one submission per year will be accepted for the same applicant. If two are submitted, the application with the earliest date will be considered and the other will be deemed ineligible.

Types of Applications Accepted

We structure our grant program to provide a wide breadth of opportunities to benefit Boise citizens. We strive to fund a wide range of projects and initiatives with an arts, history, or cultural focus, such as (but not limited to) the following:

- General Operating Expenses / Season Support – May cover specific costs within an organization or help provide season support for multiple performances.
- Projects, such as:
 - Performances
 - Exhibits
 - Educational opportunities (presentations/lectures, workshops, walking tours, training, etc.)
 - Collaborations
 - Research, planning, and/or analysis that can help strengthen Boise's cultural base
 - Innovative production that cultivates the cultural community
 - And More!
- Public Community Cultural Events - Those with a cultural focus will have priority; will also consider funding cultural components within a larger public event.

Proposals with a public-facing component or other outcome that clearly serves Boise residents are most likely to receive funding. See the Grant Evaluation section for more details on criteria.

GRANT EVALUATION

Grants fund cultural opportunities that encourage people in Boise to create, engage, and connect with the community. Applications are evaluated based on responses to the online application and related attachments and how the following components are addressed.

Basic Parameters

In order to be considered for funding through the A&H grant program, proposals must:

- Directly benefit residents living within Boise City Limits. If the project involves an event, the venue must be located within Boise City Limits. See [a map of Boise City Limits](#).
- Meet Americans with Disability Act (ADA) standards in regards to physical accessibility to project venues.
- Comply with the Department of Arts & History Equal Opportunity Statement:
The Department of Arts & History is committed to supporting cultural endeavors in the City of Boise without regard to race, color, creed, religion, age, gender, sexual orientation, military status, marital status, political opinion, national origin, familial status, disability, gender identity, and source of income or disability status.

CRITERIA

- **QUALITY/MERIT** – Reviewers will look for evidence of skill level and expertise shown within the artistic, historic, or cultural-based medium. They will also take into consideration the merit of a project that may be new or untested with potential for expanding or strengthening Boise’s cultural base. The following definitions may be helpful:
 - Quality –
 - A high level of value or excellence
 - What sets a person or thing apart
 - Merit –
 - A good quality or feature that deserves to be praised
 - The quality of being good, important, or useful: value or worth

- **COMMUNITY BENEFIT** – A&H strives to make art and history accessible to Boise citizens and give them a voice in contributing to and in developing Boise’s culture. Grant applicants should describe their target audience and whether it will include diverse socio-demographic groups (such as income level, location in the city, age, ethnicity, etc.). The following examples are meant to illustrate this concept:
 - If your grant proposal is for a ticketed performance, will you offer some tickets at a lower cost for those who may not be able to afford the standard admission price?
 - Does your proposal involve efforts to include people with a variety of backgrounds?
 - Are you working on a project that integrates art and/or history to address community needs and issues?

- **MANAGEMENT** - The applicant's demonstrated proficiency with organizing and overseeing a similar project. Applicant should be able to clearly explain the endeavor, anticipate project details and have a plan to handle them; and provide evidence of ability to follow through. The following will also be taken under consideration:
 - Record and evaluation of the applicant's past A&H grant award outcomes (if applicable), including compliance with provisions set forth in the Agreement and the Grantee Checklist.
 - Communication regarding the current proposal (workshop attendance, discussing project with staff and/or submitting a draft of the proposal ahead of time).
 - Marketing and outreach that connects with the target group identified, with efforts to reach those in different socio-economic categories, such as age, economic bracket, and ethnic background.

- **BUDGET** – The applicant demonstrates an overall mastery of the budget process, and thorough understanding and explanation of proposal expenses and income. Information should validate the requested amount as reasonable for the scope of the proposal.

*Welcoming City Note: If funding allows, applicants may be considered for additional money beyond the \$5,000 maximum request for those that show exemplary alignment with the City of Boise’s 2017 [Welcoming City Resolution](#). The following excerpt is of particular relevance: *“...the City of Boise is committed to being a welcoming city and creating a community where all of our residents feel welcomed, safe, and able to fully participate in, and contribute to, our city’s economic and social life.”*
