***\*BE SURE TO ACKNOWLEDGE THIS ADDENDUM IN YOUR BID\****

**Questions and Clarifications:**

**Q1)** The application says we can submit up to 10 images. In some cases this means a maximum of one image per file, but for some applications we are able to submit a collage of say 3 relevant images that show details within a piece and that will still count as a single submission. This is more applicable to murals as they span a large area and sometimes are best understood with the geographical context of the project. Can you clarify?

**A1)** We are unable to accept collaged images. Artists are limited to 10 images within the portfolio, but if they would like to display multiple vantage points of a single artwork, they are welcome to use more than one of the 10 work samples for the same piece. Applications with more than 10 images included will be disqualified.
